

# Thro' life's pilgrim way I'll journey with my Savior

Lloyd Ten Eyck

Thro' life's pilgrim way I'll journey with my Savior,  
In the night of care He'll lead me to the day,  
Till I enter Heaven's portals by His favor,  
Trusting, I will go with Jesus all the way.

## Refrain

*I'll go with Him all the way to glory,  
I will go with Jesus all the way,  
Till I stand within the homeland portals,  
I will go with Jesus all the way.*

He will never, never leave me nor forsake me;  
If in Him I put my trust I shall not stray,  
For He knows the path that leadeth thro' the valley,  
And with Him there's light and glory all the way.

## Refrain

Even now I seem to hear the songs of glory,  
From the souls that stand redeemed before His throne;  
I rejoice, for some day I shall sing that story,  
Of the Christ who brought me safely to my home.

## Refrain

When the enemies of Jesus would alarm me,  
Then I cry for help to Him who is my friend,  
And He always answers e'er my foes can harm me,  
He who conquered death will keep me to the end.

## Refrain
